

## Merchants Continues Growth of Sales Team

January 31, 2017 - Press Release

Merchants Fleet Management continues to grow its sales team by hiring regional sales managers Pat Mangham and George Theodorou, the fleet management company announced.

Mangham will be joining Merchants in the West Region, while Theodorou will join the newly created North East region. The hires follow the recent announcement of its new North East sales region.

Mangham comes to Merchants with over 25 years of fleet sales and management experience working for both Wheels and more recently Donlen. He will be based in Dallas and report to Jeff Thomas, director of Sales West.

Theodorou started with Merchants in 2015 in an inside sales capacity. In his new role, he will report to Diana Holland, director of Sales North East.

"Pat and George bring outstanding customer relationship skills to the sales team that we are excited to leverage," said Tom Coffey, vice president of sales and marketing. "These additions round our team and position Merchants for a very successful 2017."
